<p>922 KAR 2:120. Section 6. Sleeping and Napping Requirements.</p> <p>(5) A child who does not sleep shall be permitted to play quietly and shall be visually supervised.</p> <p>Findings:</p> <p>General: Based on observation and interview during naptime in the Two-to-Three-Year-Old room, a child was not permitted to play quietly when he was not sleeping. Staff were observed telling the child they would remove a sticker he had earned earlier in the day from his chart, if he did not lay down on his mat and go to sleep. Staff interviews found that between 11:30 a.m. and 12:00 p.m. they begin preparation for nap time and by 12:00 p.m. all of the children are on their mats. Naptime is from 12:00 p.m. to 2:00 p.m. Staff were also observed telling the child he would not receive a special treat at the end of the day. At 12:21 p.m., the child was still awake. Staff continued to tell the child he needed to lay still and go to sleep. The child was never offered an alternate quiet activity.</p>

Findings:

General: Based on interview, the staff in the Two-to-Three-Year-Old Room indicated that children are rewarded throughout the day for good behavior and then they receive a treat at the end of the day. The special treat consists of two Tootsie Rolls. The staff person stated these are given to the child when they go home. The staff person indicated further that on Friday of each week, those children who have their card filled up receive an additional special treat, such as brownies, as part of their afternoon snack. It was also stated that those children who do not fill their card up by the end of the week are not given a brownie or special treat. Food is not permitted to be used as a reward or for disciplinary purposes.
