Findings:	
<p>General: Based on interview, on 4/19/22, a two year old child was left alone in his classroom for approximately 10 minutes when his class went out to the playground. The child hid behind the door so the teachers were unaware he was still in the classroom. A parent called the center to let them know a child was alone in the classroom. The Director viewed the video footage of the incident to confirm what happened. The head counts and face/name sheet wasn't done correctly. Child was not hurt but shaken up. Parent was informed of the incident.</p>
