Findings:		
General: Based on interview and review of documentation, the child care center director failed to assure compliance with regulatory requirements. Interviews and review of documentation revealed on 2/13/18, a staff member used a Mr. Clean magic eraser sponge to scrub temporary tattoos off of a three-year-old child's arms, resulting in damage to the top layer of skin on the child's arms, as evidenced by a significant discoloration and redness of the skin, accompanied by a change in the texture of the skin surface. The child received medical treatment for the injury.
