Inspection Report	
General Administration	Not In Compliance
170 - Have Director	Not In Compliance
922 KAR 2:090. Section 6. License Issuance.	
(8) To qualify for a preliminary license, or maintain a regular license, a child-care center shall:	
(g) Have a director who meets the requirements listed in Section 10 of this administrative regulation.	
Findings:	
General: Based on review of documentation and interview, the child care center failed to comply with regulatory requirements regarding having a director. Interview and review of documentation revealed the child care center did not have an approved director as of 5/1/18. The submitted documentation for the interim director failed to include verification of three (3) years of verifiable, full-time paid employment working with children. Although a letter signed by the center's registered agent, stating that the interim director has worked at the center since 2012 was submitted, the interim director's employment could not be verified through DRCC records.
