Director Requirements	Not In Compliance
350 - Health, Safety, Comfort	Not In Compliance
922 KAR 2:090. Section 10. Director Requirements and Responsibilities.	
(1) A director shall:	
(I) Assure the health, safety, and comfort of each child;	
Findings:	
General: Based on interview and review of documentation, the child care center director failed to assure compliance with regulatory requirements. Interview with the director confirmed that a staff member with hire date 9/11/18 threw a large yoga ball that hit a child in the face and was aware that the ball hit the child while he was in her care at the center. Interviews with the aforementioned staff member revealed that she did not notify the child's parent when they arrived for pick up or complete an accident report on the same day of the incident. Review of documentation revealed that injury to the child's face caused the child to wake up several times throughout the night complaining of pain to his eye and ear.
