121. SAFETY REQUIREMENTS

- 13. In an emergency, all occupants must be able to escape from the facility, whether a home or building, in a safe and timely manner.
 - a. All facilities must have two accessible exits on each level. The two exits must be far enough apart from one another to avoid having them both blocked by fire and smoke. Aisle ways and corridors leading to the exits must be kept clear of obstructions.

4. Exiting (continued)	No
------------------------	-----------

Deficiency

The intent of this rule was not met:

Based on observation on 2/11/2020 at 4:30 PM, CCL found that one of the exits routes was not kept clear of obstructions. A highchair and shelving box were obstructing the area leading to a fire exit.

This deficiency was previously cited during a visit conducted 2/5/2020.

Director will keep all areas clear. CCL accepted Plan of Correction 2/18/2020.
