The provider was found to not be in compliance with the following items.

## **67:42:03:20 - Water safety.**

### **Summary of Compliance Issue:**

Water safety - A swimming pool has been installed in the backyard. The swimming pool is accessible to the children and does not meet the necessary safety requirements as outlined in rule.

The swimming pool needs to be enclosed on all sides with a barrier that is at least 5 feet high, including a gate that is five feet high with a self-closing, self latching gate.

A railing, which meets the requirements, has been constructed around all sides of the swimming pool. The railing contains a gate that is five-feet high and is self-closing and self-latching. The area under the deck has also been constructed so children do not have access to the pool.
